Re: Requested Information Pursuant to
Section 104(e) of CERCLA
Dura Landfill Site in Toledo, Ohio
Stickney Ave. Landfill and Tyler St. Dump Sites in
Toledo, Ohio

Dear Ms. Adams:

Cumberland Farms, Inc. (CFI) has received the correspondence sent by the United States Environmental Protection Agency (USEPA) relative to the Stickney Avenue Landfill and Tyler Street dump sites in Toledo, Ohio. After a careful review of our files and records, no evidence was found involving any hazardous waste generated and disposed of by CFI at the referenced landfill site. It appears that Cumberland Farms was placed on the mailing list in error. Chevron U.S.A., Inc. purchased Gulf Oil Corporation in 1984 and assumed all of the liabilities of Gulf Oil Corporation at that time. To the best of our knowledge, it is Cumberland Farm's opinion that any liability in this matter is not the responsibility of Cumberland Farms, but is the responsibility of Chevron USA, Inc.

I hope this letter addresses any concerns you may have relative to this issue. If you have any questions or require any additional information, please do not hesitate to contact the writer at the letterhead address or call (617) 828-4900, ext. 3324.

Sincerely,

CUMBERLAND FARMS, INC.
